■ What's "The world exhibition of miniature photos"?

A miniature model that is so sophisticated that it looks like real. Each artwork contains the detailed world view of the creator. Though you may think it's a photo but actually, it was a fake fabricated world. In this exhibition with photo artworks and 3D artworks at the same time, visitors would wonder in the world of miniature. You can take photo in the exhibition so you can take your original photo from various angles and upload to your SNS.
